City of Houston Lookup Instructions

Navigate to the Harris County Tax Assessor-Collector's Tax Statement Search and Payments web page via the following link: <https://www.hctax.net/Property/PropertyTax>

Select the 'Address' option from the 'Account' dropdown pick list. Enter the property's address in the 'Please enter search text here' field. Street direction (N, S, E, W) and street type (St., Ave., Rd. etc.) are not required. Click the blue search button.

If the property is found in the Harris County Tax Assessor-Collector's database, the web page refreshes with one or more property summary records that include Account, Name and Address information. Click on the 'Account' link to open the property record and view additional property details including taxation and valuation data among other property characteristics.

Scroll down the list of Taxing Jurisdictions. If the City of Houston is in the list of jurisdictions, the property is within the city limits. The property **IS** eligible for NeighborhoodLIFT financing.

If the City of Houston does not appear in the Taxing Jurisdiction list, the property is outside the city limits and is **NOT** eligible for NeighborhoodLIFT financing.

If more than one property appears under the search results scroll down the 'Address' column to find the specific Unit# etc. in each record or additional page. Click on the 'Account' link next to the correct property to view it.

If the property address is not found in the Harris County Tax Assessor-Collector's database, the web page refreshes without any list of records, and the display message: 'No data available!' The property is **NOT** eligible for NeighborhoodLIFT financing.
